~~Your~~ Worship

This is to thank you for your letter dated 20 October 2010 enclosing *The North Shore – An Illustrated History*.

The history will find a special place in the Government House library and will merit attention from time to time. A particularly fine feature of the book is the quality of photographs.

Best wishes also for the next chapters you will write following completion of your time as Mayor of North Shore City.

Yours sincerely

Anand Satyanand
Governor-General
