

NZBODYART

Awards®

7 July 2009

Kia ora, hello Mayor Andrew Williams,

The Production Team of NZ Body Art Awards 2009 expresses their sincere appreciation for all the effort you all put into the 2009 media launch. What a fantastic launch the NZ Body Art Awards had on Thursday, 25 June, 2009 at the Spencer on Byron, Takapuna.

We would like to thank you for helping make it such a successful and colourful event. We have enjoyed the friendly helpfulness you shared in the build up to the spectacular upcoming event. The general feedback we have received from all involved in the media launch is very positive.

The planning and execution of the show is a massive effort and the artwork produced for the launch by all the artists involved was of a high calibre which will attract attention to the event. We have had wonderful feedback from all areas of the community with many new interested parties communicating their wishes to be involved in our show.

We would like to say how pleased we are that the Mayor of North Shore City, Andrew Williams supports this innovative and growing art and cultural event in the North Shore City, who enjoyed being painted and playing his part in participating in the arts.

As you know the NZ Body Art Awards is successful because of your willingness and enthusiasm to willingly participate in such events. Your enthusiastic involvement and support for this make-up extravaganza, to be held at the North Shore Events Centre on Saturday 25 July, is an integral part of the success of the Awards. We look forward to strengthening our working relationship with you as we work toward our 2009 'Fantasia Asia' themed Event.

Thank you for contributing to delivering a quality media launch that we can all be proud of. We look forward to your continued involvement into the 2009 Event, Fantasia Asia, Saturday, 25 July. The countdown is on – just three weeks to go – we'll see you there.

Warm regards,

Mem Bourke
Executive Producer
