Attention: Mr Andrew Williams JP

Dear Mr Williams

Re: Hazardous Pedestrian Crossing

Many thanks for your detailed and positive letter dated 25 May 2008.

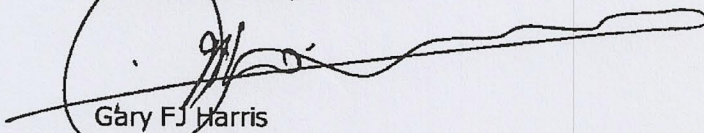

Your letter was worth waiting for and I thank you for your assistance with this matter. We do consider the crossing a significant hazard to not only our residents but the residents in the local neighbourhood and it is very good to get some action on this matter.

We note that over the last two days an engineer has been surveying the intersection and the part of Oteha Valley Road between our village and the traffic lights. We are watching developments with great anticipation to see what improvements will be made.

It has been a pleasure dealing with you and after all these years it is good to finally see some positive action being taken.

Thank you.

Yours faithfully
Northcross Villages Ltd
